Support us - Help us upgrade our services!

We truly love working to bring you the latest volcano and earthquake data from around the world. Maintaining our website and our free apps does require, however, considerable time and resources.

We need financing to increase hard- and software capacity as well as support our editor team. We're aiming to achieve uninterrupted service wherever

an earthquake or volcano eruption unfolds, and your donations can make it happen! Every donation will be highly appreciated. If you find the information useful and would like to support our team in integrating further features, write great content, and in upgrading our soft- and hardware, please **make a donation** ([PayPal](#) or [Online credit card payment](#)).

Planned features:

- Weather reports
- Tsunami alerts
- Design upgrades
- Faster responsiveness

Thanks to your past donations, these features have been added recently:

- Earthquake archive from 1900 onwards
- Additional seismic data sources
- Improved content in English

Download and Upgrade the Volcanoes & Earthquakes app to get one of the fastest seismic and volcano alerts online:
